

Hyundai EV Customers Receive Complimentary ChargePoint HomeFlex Level 2 EV Charger and up to \$600 Off Installation Using the Hyundai Home Marketplace.

EV customers will be eligible to receive a **COMPLIMENTARY** ChargePoint® HomeFlex Level 2 charger **AND** up to \$600 towards installation through Hyundai Home when leasing or financing through Hyundai Motor Finance these select new Hyundai electric vehicles:

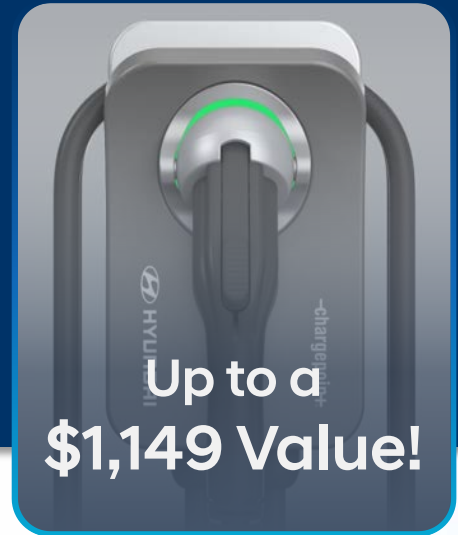

**IONIQ 5**  
2023 / 2024

**IONIQ 6**  
2023 / 2024

**KONA Electric**  
2023

## HOW IT WORKS

**1** Lease or finance a qualifying Hyundai EV model through Hyundai Motor Finance between September 21-October 31, 2023.

**2** Receive an email from Hyundai Motor Finance with a coupon code 7-10 days after lease or purchase.

**3** Go to Hyundai Home Marketplace ([www.hyundaihomemarketplace.com](http://www.hyundaihomemarketplace.com)) to enter coupon code and receive EV charger and up to \$600 off installation. Installation must be scheduled within 90 days of lease or purchase date.

**4** Work with an Energy Advisor throughout the order and installation process. Energy Advisors are available to assist customers from start to finish.

EV charger and up to \$600 towards charger installation available on new 2023 KONA Electric and 2023-24 IONIQ 5 and IONIQ 6 vehicles leased or purchased from a participating Hyundai dealer between 9/21/23 and 10/31/23 and financed through Hyundai Motor Finance. Must take delivery from new retail stock and execute lease or purchase contract by 10/31/23. Not available in AK. Customer will receive a coupon code for a Level 2 ChargePoint® Home Flex EV charger and up to a \$600 credit towards charger installation through Hyundai Home. Installation through Hyundai Home is required to receive EV charger. Installation must be scheduled through the Hyundai Home Marketplace (<https://hyundaihomemarketplace.com/>) within 90 days of lease or purchase contract date. Installation conducted by third party electricians sourced through Hyundai Home and contracted by customers. Coupon code is non-transferable and not available for cash. Initial deposit required and additional costs may apply. Installation available on select residential property only. Eligible vehicles available at select retailers in select states and in limited quantities. 2024 IONIQ 5 and IONIQ 6 coming Fall 2023. See your Hyundai dealer and [www.hyundaiusa.com/us/en/special-programs/hyundai-home-charging-package](http://www.hyundaiusa.com/us/en/special-programs/hyundai-home-charging-package) for full Terms and Conditions. Offer ends 10/31/23.

# Hyundai EV Customers Receive Complimentary ChargePoint HomeFlex Level 2 EV Charger and up to \$600 Off Installation Using the Hyundai Home Marketplace.

## DETAILS & FAQs

### Eligibility

#### Which Hyundai EVs are eligible?

2023/2024 IONIQ 5 and IONIQ 6; 2023 KONA EV.

#### Who qualifies for this promotion?

Any lease or finance via Hyundai Motor Finance of eligible vehicles between 9/21—10/31/2023.

#### Will any HMF finance/leases signed before September 21<sup>st</sup>, or after October 31<sup>st</sup>, 2023, qualify for this offer?

Any contracts finalized before or after the term dates are ineligible for this promotion.

#### Is this promotion extended to Canada?

No. This promotion is only valid in the United States, excluding Alaska.

#### Does the charger have to be installed at the customer's residence?

Yes, the installation address must be the customer's residence. Additionally, the charger is only available with installation through Hyundai Home.

#### Will all Hyundai dealerships be able to offer this promotion?

All Hyundai dealerships authorized to sell at least one of the eligible vehicles will be able to participate in this promotion.

#### Is this promotion stackable with other offers and incentives?

Yes.

#### Will customers also qualify for the Electrify America promotion with this offer?

Yes, customers will also be able to receive the Electrify America promotion, if they are eligible and purchase by the take-by date. For more information, visit the [Electrify America](#) website.

### Redemption

#### Do customers have to pay the cost up front and wait for a rebate?

The discount code that customers receive will cover the cost of the charger and an installation credit of up to \$600. Due to hard coding of the Marketplace site, a \$1 charge will be applied to the customer's credit card and credited toward the project installation cost. Any additional installation costs over \$600 will be paid by the customer. If installation is canceled, the \$1 charge will be refunded and the customer will forfeit the EV charger as well.

#### How long does the customer have to redeem this promotion?

The customer has 90 days after the lease/finance contract date to redeem this promotion on [Hyundai Home Marketplace](#) with their coupon code. Installation must be scheduled within this timeframe.

#### How long will it take customers to receive a coupon code?

It typically takes 7-10 days for the customer to receive an email with the coupon code. Coupon codes will start to be sent out on or after October 1<sup>st</sup>, 2023. Customers should contact Hyundai Motor Finance if they have not received a coupon code email.

#### How long will it take customers to receive their charger and installation?

Installation typically occurs 7-10 days after a customer signs a contract with an installer.

#### Can Hyundai Home solar panels and/or home energy storage systems also be purchased when this offer is redeemed?

Other Hyundai Home products may be ordered at an additional cost at the same time. However, these orders must be placed and paid for separately.

#### Are there alternative incentives offered if a customer does not want a charger or lives in a non-qualifying market or residence?

No, this promotion does not offer a cash value or alternative compensation in the case the customer lives in a non-qualifying market or residence.

#### If a customer already has a charger, will they be reimbursed or able to install one at a location other than their primary address?

No, this promotion does not reimburse for existing chargers or allow installation at a location other than the customer's primary address.

### Costs

#### What is the total value of this promotion?

The total value of the promotion is up to \$1,149. The 240-volt Level 2 ChargePoint® Home Flex EV charger has an MSRP of \$549 and customers receive an installation credit of up to \$600.

#### Does this promotion have a cash value?

No. There is no cash value or alternative compensation provided to the customer for this offer.

#### If a customer wants a different charger or installer than the ones offered, can they apply the value towards an alternative or receive a discount?

No, the value of the offer is non-transferable. Customers must accept the offered charger and installation by Electrum. No discounts or credits will be offered for alternatives.

#### Does the charger come with a warranty?

Warranty information can be found on [Hyundai Home Marketplace](#). This product is not warranted by Hyundai, and Hyundai expressly disclaims any warranty for this product, including without limitation, any implied warranties of merchantability or fitness for particular purpose. Hyundai also disclaims all liability for direct, indirect, special, incidental, or consequential damages, including but not limited to, damage to or loss of personal or commercial property, loss of use, cost of purchase of replacement goods, or claims of customers that result from the use of this product.

The home EV charger is manufactured and offered by third parties. Installation services are provided by third-party electricians sourced through the Hyundai Home service and contracted by customers for their projects.

#### Are there additional costs?

This promotion includes the charger and cost of installation up to \$600. Each residence's situation is different and thus installation costs will vary; and may exceed the \$600 installation credit. Variables that may affect these costs can include things such as where the charger will be installed relative to the home's electrical panel, condition of the home's wiring, and similar considerations.

#### How will customers know if they will need to pay any additional costs?

As installation costs vary, Hyundai Home Marketplace provides installation quotes. After creating a Hyundai Home Marketplace account, initiating the \$1 credit card deposit, and providing preliminary information, customers will get a personalized, highly accurate estimate for installation costs. They can also speak with an Energy Advisor that will help guide them through the process and answer questions.
